Book Details:

Review: That vast amalgam of the steel industry that lined virtually the entire South Shore of Lake Michigan never ceased to amaze me as I flew over it on my many trips in and out of Chicago from the East Coast, and it was equally depressing to watch the slow demise and near disappearance of Big Steel over the last thirty years leaving what appears to be a...

Description: At the turn of the 20th century, an army of workers descended upon the northwest Indiana dunes to forge a world-class steel industry for America. As a result of the mills constructed by companies such as U.S. Steel and Inland Steel, grid-like cities on the shoreline of Lake Michigan grew into prosperous steel towns, drawing workers from all over the...
